

## Defending Democracy in 2026

**Presented in Partnership by**  
**Colorado Friends of Democracy and Denver Visible Indivisible**

*Join us for a morning of inspiration, strategy, and collective action to defend our democracy!*

**Featuring: Congressman Jason Crow, Colorado District 6**

The Colorado Democratic Party recently named Jason Colorado's "Democrat of the Year." Jason defied the odds to beat a five-term Republican incumbent and help Democrats take back the House in 2018. He did it by running a people-powered grassroots campaign that took on special interests and refused to take a dime of corporate PAC money. Now, he's been tasked with a new mission—leading House Democrats' candidate recruitment to help take back the House in 2026. He will fire us up and give us our marching orders to win the midterms!

**When:** January 31, 2026 | 9:15–11:15 a.m. (Registration and Coffee at 8:45 a.m.)

**Where:** Montview Presbyterian Church, 1980 Dahlia Street, Denver  
(free parking in lot and on side streets)

Engage with fellow activists and learn what **you** can do in 2026 to gain the majority in Congress and build the resistance movement. **Flip Colorado District 8 from Red to Blue with Trust Brigade**, a new organization dedicated entirely to winning CD8. **Build the movement by joining an action-oriented group called a "Courage Collective"** to resist the erosion of our democracy. You may choose a group focused on the faith community, young activists, the state legislature, election integrity, or immigration protection. Or, you may choose to start a group of your own!

All are welcome to this FREE event. Come ready to listen, connect, and act! **Please RSVP [here](#)**. Space is limited, so register soon!. Once registered, you will receive an email with an agenda and an opportunity to submit questions for Congressman Crow.
